MEDFORD SCHOOL DISTRICT 549C
PARTICIPATION STANDARDS, PROBLEM SOLVING AND
EXTRACURRICULAR CODE OF CONDUCT

Welcome to the Medford School District Athletic Program. Our intention is to provide a positive connection for our students, parents/guardians and community with their schools. Through cooperation and commitment, we can achieve this goal.

We believe that athletic competition contributes to sound educational objectives when properly organized and conducted. Our intent is to offer an educational athletic program while giving proper regard for the needs, capacities and welfare of all participants. Planning and organizing consistent with the goals and policies is necessary for our programs to be successful.

To fully utilize the potential of athletics for educational purposes, we conduct the secondary athletic program in accordance with the following standards, roles, and responsibilities.

The fee for high school students will be \$100 and for middle school students \$50 per student per sport. Students will be charged for a *maximum* of two sports per year. Athletics include high school cheerleading.

Participation Fee Refund Policy:

If a student is cut from a team, the fee will be refunded. If he/she quits the team or becomes ineligible to participate, the participation fee will not be refunded. ROLE OF FAN IN PROGRAM SUCCESS

In keeping with the district's goal of teaching and demonstrating the highest levels of sportsmanship during the athletic contests, we expect fans to demonstrate conduct appropriate for school activities at all times. The Medford School District's expectation for positive fan behavior is a higher standard than one would expect to see tolerated at college or professional sports events.

The district assumes that adults understand and will demonstrate general behaviors that are appropriate. However, the following guidelines are presented to ensure a clear understanding of some behaviors that are unacceptable.

Fans may not:

1. Engage any human beings in an angry or aggressive manner on school property or at school activities. This includes referees, coaches, other fans, parents/guardians, students, or school personnel.
2. Use swear words or vulgarity on school property or at school activities.
3. Threaten, verbally or physically, any person including referees, fans, coaches, players, spectators, or school personnel at any time on school property or at school activities.
4. Create public displays of anger and/or displeasure.

Violation of these standards may result in the removal of the fan from school and/or school activity.

CONCERNS AND COMPLAINTS

- Any citizen who has a concern or complaint may express that concern or complaint to school administrators. It is strongly recommended that complaints and concerns not be expressed in public places such as games and/or other activities.
- The best place to express a concern or complaint is during a meeting with school officials called specifically to hear the concern or complaint.
- It is important that concerns or complaints be expressed in a calm, understandable and specific manner.
- School officials will listen carefully and paraphrase the concern or complaint to be sure they have correctly heard the concern or complaint.
- Once it is agreed that the school official has accurately heard the concern or complaint, they will discuss the options for resolving or easing the concern or complaint. Such options will be in compliance with standard policies and procedures.
 - ◇ If a problem is something that could and should be worked on at the school level, the administrator will make every effort to achieve improvement and inform the concerned citizen.
 - ◇ If a concern or complaint revolves around the ongoing policy, practice, or procedure, the citizen will need to accept that school administrators are not authorized to make such changes but will further discuss the matter with the District Athletic Director.
 - ◇ Coaches and school athletic directors are encouraged to meet with parents/guardians and students prior to each season to answer questions, hear concerns, and define the operating procedures of the program. They are further encouraged to meet with parents/guardians whenever they or the parents/guardians feel a need for such a meeting either individually or as a group.
 - ◇ Administration and/or athletic directors should follow up any meetings with a letter or phone call to ensure that the student or parent/guardian acknowledge they have heard and understand the action that has taken place.

PROBLEM SOLVING FOR COACHING STAFF, STUDENTS, AND PARENTS

The Medford School District expects that all parties will use the best possible adult problem-solving behaviors in resolving issues. The resolution of all problems will be governed by state law, district policy, and the routines and procedures established in the coaches' handbook, Student Code of Conduct, and other district/school routines and procedures. Below are the guidelines we expect all parties (students, parents/guardians, coaches, and administration) to abide by when resolving problems.

GENERAL GUIDELINES FOR PROBLEM SOLVING

1. Do not confront in an angry, aggressive manner.
2. Do not make personal attacks.
3. Concentrate and focus on the issues.

EXTRACURRICULAR CODE OF CONDUCT

It is the belief of the Medford School District that participation in athletics, clubs, and school activities is a privilege extended to students. Students involved with athletics, clubs and school activities are responsible to be positive representatives of their school and their community. Prior to participation in athletics, clubs, and/or school activities, the student, parent(s) or guardian(s) are required to sign a form to ensure they have read and agree to comply with all conditions of the Medford School District Athletic Program and Medford's School District's Participation Standards, Problem Solving, and Extracurricular Code of Conduct.

All students representing Central High School, North Medford High School, South Medford High School, Hedrick Middle School, McLoughlin Middle School, and Ruch School must comply with the standards of conduct listed in the board policy and school's handbook. This policy is a minimum conduct standard. Coaches and advisors may add additional expectations specific to their activity, within district standards and with administrative approval at the building. Participation in treatment programs may be considered in the administration of this procedure.

Violation of the law or violation of the rules may result in disciplinary action, even if the misconduct occurs at times/places other than on-campus or during school activities. If the superintendent or his/her designee determines either by a preponderance of symptoms or by reasonable evidence that a student involved in athletics, clubs and school activities is using alcohol, illegal drugs or other controlled substances, the district may require the student to be tested immediately at the parent, guardian or student's expense and submit the results to the district as a condition of participation. A positive test shall cause the student to receive consequences as specified in the school's student handbook and the district's Extracurricular Code of Conduct.

Use, Possession, Distribution, or Sale of Alcohol or Other Drugs Including Marijuana

Participants will not use, possess, sell or distribute alcohol, other drugs, drug paraphernalia, or items purported to be drugs at school-sponsored activities, school-related activities or at any student gathering under the auspices of any local, state, or national student or school organization or at any other time, including evenings, weekends, and holidays during the entire term of the activity from the official starting date established by the Oregon School Activities Association or the district or the school as the case may be, until the final date of the activity in which the participant is involved. In addition to the disciplinary penalties listed in the section above, students who are involved in athletics, clubs and school activities and who violate the district's policies on

the use, possession, transport, distribution and/or sale of a controlled substance including alcohol and other mind altering drugs will be suspended from participation in any athletic, club or activity for a minimum of 15 school days and may be removed from athletic, club or school activity participation for an extended time depending on the circumstances surrounding their violation of the policy.

A second violation during the same school year will result in:

1. a suspension of all extracurricular activity including practice for 20 school days,
2. or removal from the team for the remainder of the season,
3. or loss of athletic privileges for the remainder of the school year,
4. and application of school discipline and consequences.

Use, Possession, Distribution, or Sale of Tobacco Including the Possession and/or Use of Vape Pens

Student participants who are using, possessing, distributing, or selling tobacco including possessing or using vape pens will receive the following penalty.

1st Violation

- a. The student will not participate in any athletic, club or school activity for a period of three school days.

2nd Violation

- a. The student will not participate in any athletic, club, or school activity for 20 school days or the remainder of the season if they are on a sports team. For students involved in other school activities, the student will be removed from the activity for 20 school days or the remainder of the nine weeks. The student will also not be allowed to practice or participate with the team or group during this period.

Hazing and Harassment

Students participating in school-related activities have a right to be safe and to be free of humiliation and intimidation. Hazing, harassment, intimidation, menacing, or bullying by students, staff, or third parties is strictly prohibited and shall not be tolerated. Any student, employee or third party who has knowledge of conduct in violation of this policy or feels he/she has been a victim shall immediately report his/her concerns. Refer to School Board Policy JFCF/GBNA and JFCF/GBN-R for definitions and guidelines.

Students who after investigation have been found to be a participant in the hazing, harassment, intimidation, bullying and/or menacing will receive school

consequences. Additionally, they may not participate in any athletic, club, or school activity during any school suspension and/or be removed from the activity for a minimum of 1-3 days for the first violation and on the second violation in the same school year will be removed from the activity for 20 days or removed from the team.

Theft-Vandalism

A student, parent or legal guardian will be financially responsible for:

- a. Theft from or vandalism to school property by named student.
- b. Theft from or vandalism to private property (motel rooms, restaurants, etc.) by named student.

There will be no award or participation until financial obligations are met.

Extracurricular Consequences are Cumulative

Extracurricular penalties are cumulative during the school year. For example, in the event that a student who has received a prior extra-curricular penalty during the school year also receives a penalty during another extracurricular activity in the same school year, he/she will enter the current extracurricular consequence at the next violation level. This is inclusive of all personal conduct rules including those established by the coach.

Suspension

If a student is suspended from school, he/she cannot participate in a practice, contest, or activity during the period of suspension.

Additional Regulations

The coach or activities sponsor may have additional regulations which will be defined in writing to the participating student. These policies will be subject to the approval of the administration and supported and enforced by the same.

Uniforms

Students are responsible for uniforms and/or gear issued to them and should be returned at the end of each season. A fee will be placed on the student's account for any lost or damage items. Uniforms and/or gear must be returned and any lost or damage items must be paid for before the athlete will be eligible to participate in their next sporting event.

High School Attendance

The student may not have any unexcused absences the day of or the day after a scheduled event. If the student misses the day of or after an event, he/she will not be eligible to participate in the next scheduled contest unless cleared by the principal, school Athletic Director or their designee.

Middle School Attendance

The student must attend school all day on the day of the scheduled activity to be eligible. This includes both excused and unexcused absences. Any exception to this must be cleared by the principal or school athletic director.

Drop-Outs of a Sport

- a. An athlete dropping out of one sport shall not be allowed to participate or practice in another sport during the same season without the consent of the coaches.
- b. An athlete cut from a sport program may turn out for another sport during the same season.
- c. A student dropped from a sport for disciplinary reasons may not participate in another sport for the remainder of the season which he/she dropped.

Letter Awards

The head coach or activity supervisor, with approval of the school's administration, will determine standards and requirements to be met for receiving letter awards or participation certificates.

Transportation

In general, the school district will provide transportation to and from events. Transportation will be by activity vans, school buses or tour buses. When practicable, the use of private vehicles will be limited. In cases where transportation will not be provided to practices, competitions, and/or other activities, parents/guardians will receive notice at the beginning of the season and be asked to sign off acknowledging responsibility. Practice locations are one example where it is expected to be the parent's responsibility to get their child to and from the location, in addition to taking responsibility when permitting their child to be a driver and/or passenger with other drivers.

When district transportation has been provided, students may be released to their own parent or guardian following an athletic event provided a signed release is on file or given to the coach. The coach or adult in charge maintains the right to ask all students to return by district transportation regardless of the signed release.

Private transportation by an adult other than the legal parent or guardian or staff member, will only be permitted in limited circumstances with a signed release and permission from a school administrator/designee already in place prior to the event. No last minute permissions or verbal permissions will be allowed. The district will set guidelines from which locations students will be able to ride home with other adults. Consideration will be given to the length of the trip with more leeway given to events closer in proximity. Notice will be given to the parents at the beginning of the season.
