Conference Day

No Students

End of Quarter Grading

Mid-Quarter Progress

**Addition, Subtraction, and the Number System 1**  
 32 days (6 extra)  
**MP1 & MP8** Coins and their values. Use known combinations to add several #s in any order. Solve storyproblem types (comparison, put together/take apart, add to/take from) for an unknown result. **Unit 1 Test by 10/11/18**

**Geometry and Fractions**  
 19 days (0 extra)  
**MP3 & MP7** Use attributes of 2-D & 3-D shapes to identify or draw shapes. Partition 2-D shapes 1/2s, 1/3s, 1/4s and name the regions. Make a rectangle from same size squares specifying # of rows & # squares in each row. **Unit 2 Test by 11/9/18**

**Addition, Subtraction & the Number System 2**  
 25 days (1 extra) **MP2 & MP5**  
 Put together/take apart story problems with unknown addends, with unknown start or unknown change. Place value 100 = 10 tens = 100 ones. Multiples of 100 composed of 100s. **Test 12/21/18**

**Modeling with Data**  
 13 days (1 extra)  
**MP4 & MP6** Organize data with up to 4 categories. Create, describe, & interpret data representations, including picture & bar graphs. Order, represent & describe a set of numerical data. **Unit 4 Test by 1/25/19**

**Addition, Subtraction, & the Number System 3** 23 days (3 extra)  
**MP4 & MP7** 2-step story problems involving difference between a 2-digit # and 100. Understand 3-digit #s represent 100s, 10s, & 1s. Read, write, count & compare #s to 1,000. Add/subtract 10 or 100 within 1,000. Add fluently within 100. Count by 5s, 10s & 100s within 1,000. **Unit 5 Test by 2/28/19**

**Linear Measurement**  
 15 days (3 extra) **MP5 & MP6**  
 Recognize when measuring the same length, larger units yield smaller counts (and vice versa). Estimate & measure length in ft., cm, and m. Show measurement data on line plot. Comparison problems about lengths. **Unit 6 Test by 3/21/19**

**Foundations of Multiplication**  
 15 days (5 extra)  
**MP2 & MP3** Define even & odd #s as #s that can/cannot be organized into groups of two or two equal groups. Write an equation to express an even # as a sum of two equal addends. Solve problems involving equal groups. Write an addition equation to express the total # of objects in a rectangular array. **Unit 7 Test by 4/19/19**

**Addition, Subtraction, & the Number System 4**  
 32 days (12 extra)  
**MP1 & MP8** Solve comparison story problems with a smaller unknown. Time to nearest 5 minutes using analog & digital clocks. Associate A.M. & P.M. with time of day. Fluently subtract two 2-digit #s. Fluency within 20. Represent & solve addition & subtraction problems with 3-digit #s. **Unit 8 Test by 6/5/19**
