

# Talented and Gifted Education

## TAG Student Observation Profile for Parents of Identified TAG Students

Your child's teacher will assess the educational needs of your identified TAG student in the core curricular areas. After this assessment process is complete, the teacher will plan for and implement any modifications to the curriculum that may be necessary. As a parent you have a unique view of your TAG child's abilities, interests, and needs as a learner. Sharing these insights with the classroom teacher will be a valuable tool in planning how best to meet the needs of your child. **If you would like your insights to be considered, please complete and return this form to your child's teacher ASAP.**

Please evaluate the skill level, interest level, and motivational level, *from your viewpoint*, in each of the following areas by circling the appropriate number, with '5' being high and "1" being low. You may add additional comments as needed.

- **Skill level** - How proficient is your child in this area?
- **Interest level** - How curious, engaged, or excited is your child in this area?
- **Motivational level** - How strongly does your child feel about doing well in this area?
